Description Of Work:

The Holmes Inspection Company tested my townhome September 11th for the purpose of testing the air for mold and mildew. Three tests were made (one outside the townhome; another in the basement; another in the main floor living room.

Member Comments:

The appointment was made quickly on Sept 11th, samples were taken and I was notified on Sept 14th of results by phone. In addition, two days later, two copies of the written reports (complete with photos) were returned. The report was very professional and complete. Dealing with both the receptionist and the head of the company was a pleasant and helpful experience.
